## COMMUNITY PARTNER STATEMENT

At Katy Cares, we are committed to your long-term success by connecting you with trusted community partners who provide essential services to help you recover from displacement, episodic homelessness, and times of crisis. Through these partnerships, you may access valuable resources—often at little or no cost—to support your stability, healing, and future independence.

These services may include housing support, healthcare, counseling, employment assistance, education opportunities, childcare resources, food assistance, legal aid, and other practical supports designed to strengthen you and your family.

We also recognize that every individual and family has unique needs, expectations, and experiences. At times, a referred service may not

fully meet your expectations or preferences. As part of your healing and growth journey, we encourage you to communicate openly about your needs and to report any concerns, challenges, or service issues to the Program Director.

Your feedback is important. It helps us advocate for higher-quality services, strengthen our partnerships, and identify additional community resources that may better serve you. Together, we can continue building a stronger pathway toward hope, stability, and lasting success.

**Guest/Resident/Program Participant Acknowledgment & Commitment**

I, \_\_\_\_\_  
confirm that I have read and understood the Community Partner Statement provided by Katy Cares.

I am committed to actively evaluating and engaging with the services offered by community partners.
